PROFILE

Digital Multimedia Engineering student specializing in designing and developing digital experiences through UI/UX design, front-end development, and digital media. Passionate about transforming ideas into engaging and user-centered digital products.

EDUCATION

Politeknik Negeri Jakarta (PNJ) 2024 – Present
Applied Bachelor's Degree in Digital Multimedia Engineering

TECHNICAL SKILLS

Design: Figma, Adobe Illustrator, Photoshop, Blender, Canva
Development: HTML, CSS, JavaScript, Bootstrap, Laravel, PHP, MySQL
Tools: Git, GitHub, VS Code

PROJECTS

NafasBaru | *Full-Stack Web Developer*

- Built educational content, a smoking cost calculator, tier-list feature, and admin dashboard in a **3-member team**.
- Developed a tobacco education website using **Laravel, PHP, JavaScript, Bootstrap, and MySQL**.

Taskify | *UI Prototype Designer*

- Designed a high-fidelity desktop productivity prototype in **Figma** with interactive user flows and wireframes.
- Applied user-centered design principles to create a consistent and intuitive interface.

Stylized Character Illustration | *Digital Illustrator*

- Created digital character illustrations emphasizing expressive rendering, composition, and visual storytelling.
- Designed environments and color palettes that reinforce each character's personality and narrative.

EXPERIENCE

Head of Secretariat Division | *Comic Club* 2026 - Present

- Managed organizational administration, documentation, and meeting records to support club operations.
- Coordinated communication between committee divisions and assisted in planning creative events.

Volunteer Multimedia Team | *Community Service Program (PKM), Politeknik Negeri Jakarta* June 2026

- Operated cameras to document educational activities at **SD Negeri Pajeleran 01, Sukahati, Cibinong**.
- Managed teacher attendance and administrative documentation while supporting program execution.
